## PLANT MAINTENANCE (MEP)

We specialize in providing comprehensive mechanical, electrical, and plumbing (MEP) plant maintenance services to keep industrial facilities running smoothly. Our skilled technicians and engineers conduct regular inspections, preventive maintenance, and repairs to optimize equipment performance and minimize downtime.

- PAVER MACHINE
- FORK LIFT
- LOADER
- DUMP TRUCK
- BOOM TRUCK
- HIACE
- TRAILER (LOW BED & FLAT BED)
- EXCAVATORS
- BACKHOE LOADERS
- SKID STEEL LOADER ROLLER
- MINI BUS (14 SEAT)
- PICKUP SINGLE ,DOUBLE CABIN & HILUX
- CAR BUSES 50 & 30 SEAT
- WELDING MACHINES
- AIR COMPRESSOR
- TOWER LIGHT
- DIESEL TANKER
- WATER TANKER

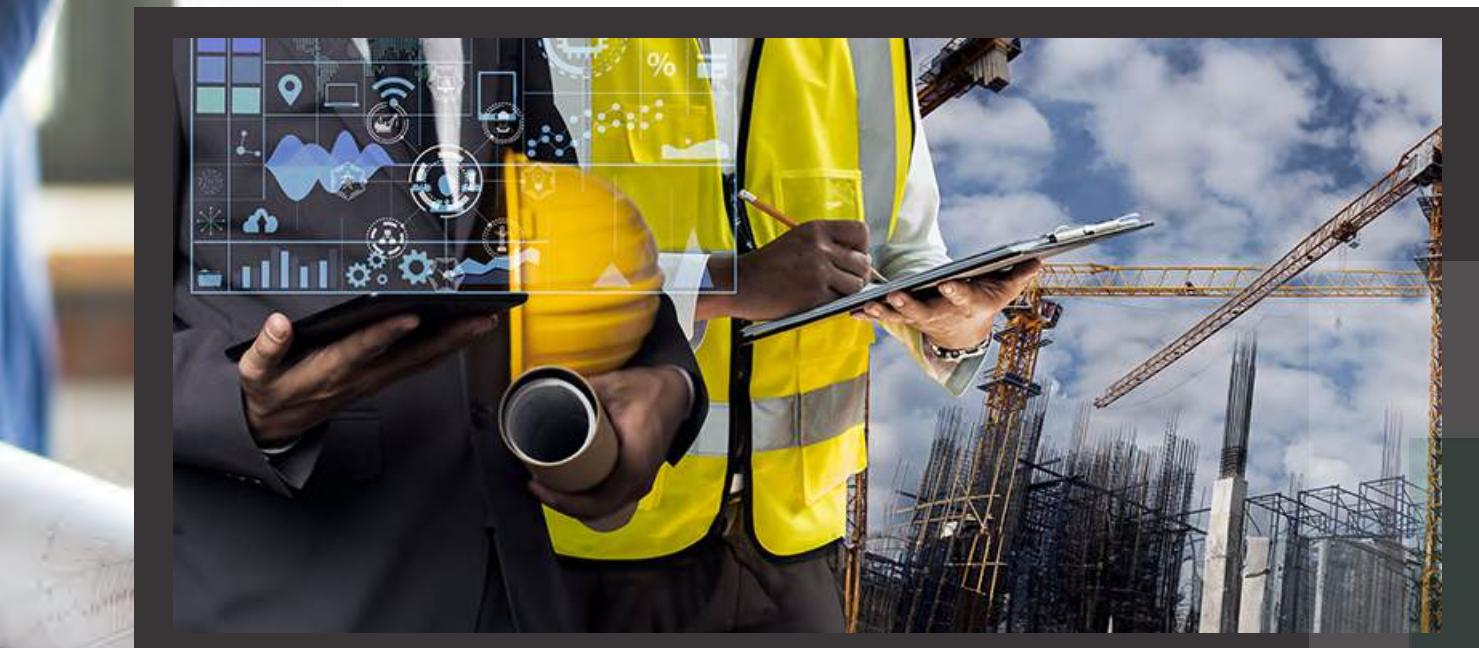

# EQUIPMENTS RENTAL

Discover top-notch rental equipment services that cater to all your needs! From construction machinery to party supplies, we offer a diverse range of high-quality equipment at competitive prices. Our expert team ensures reliable delivery and exceptional customer support, making your projects seamless and stress-free. Rent with us today!

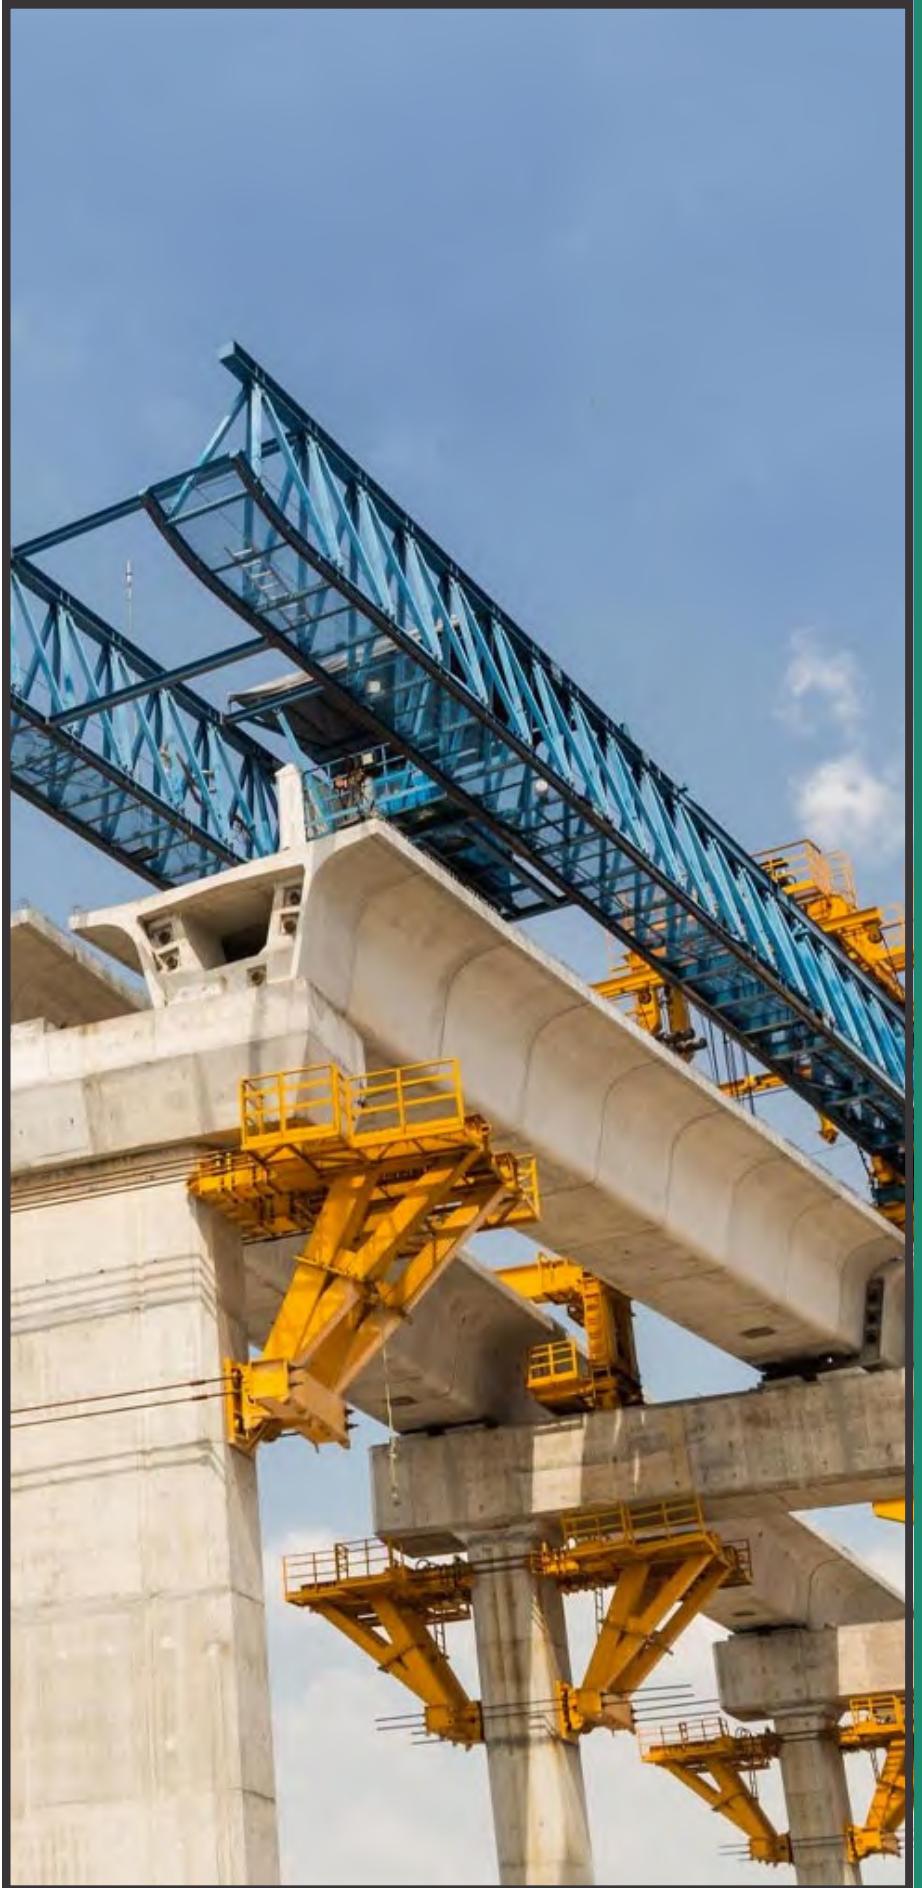

# PROJECT SUPPORT

Our project support services are tailored to facilitate seamless project execution from start to finish. With expertise in planning, coordination, procurement, scheduling, and quality assurance, we ensure the successful completion of projects on time and within budget.

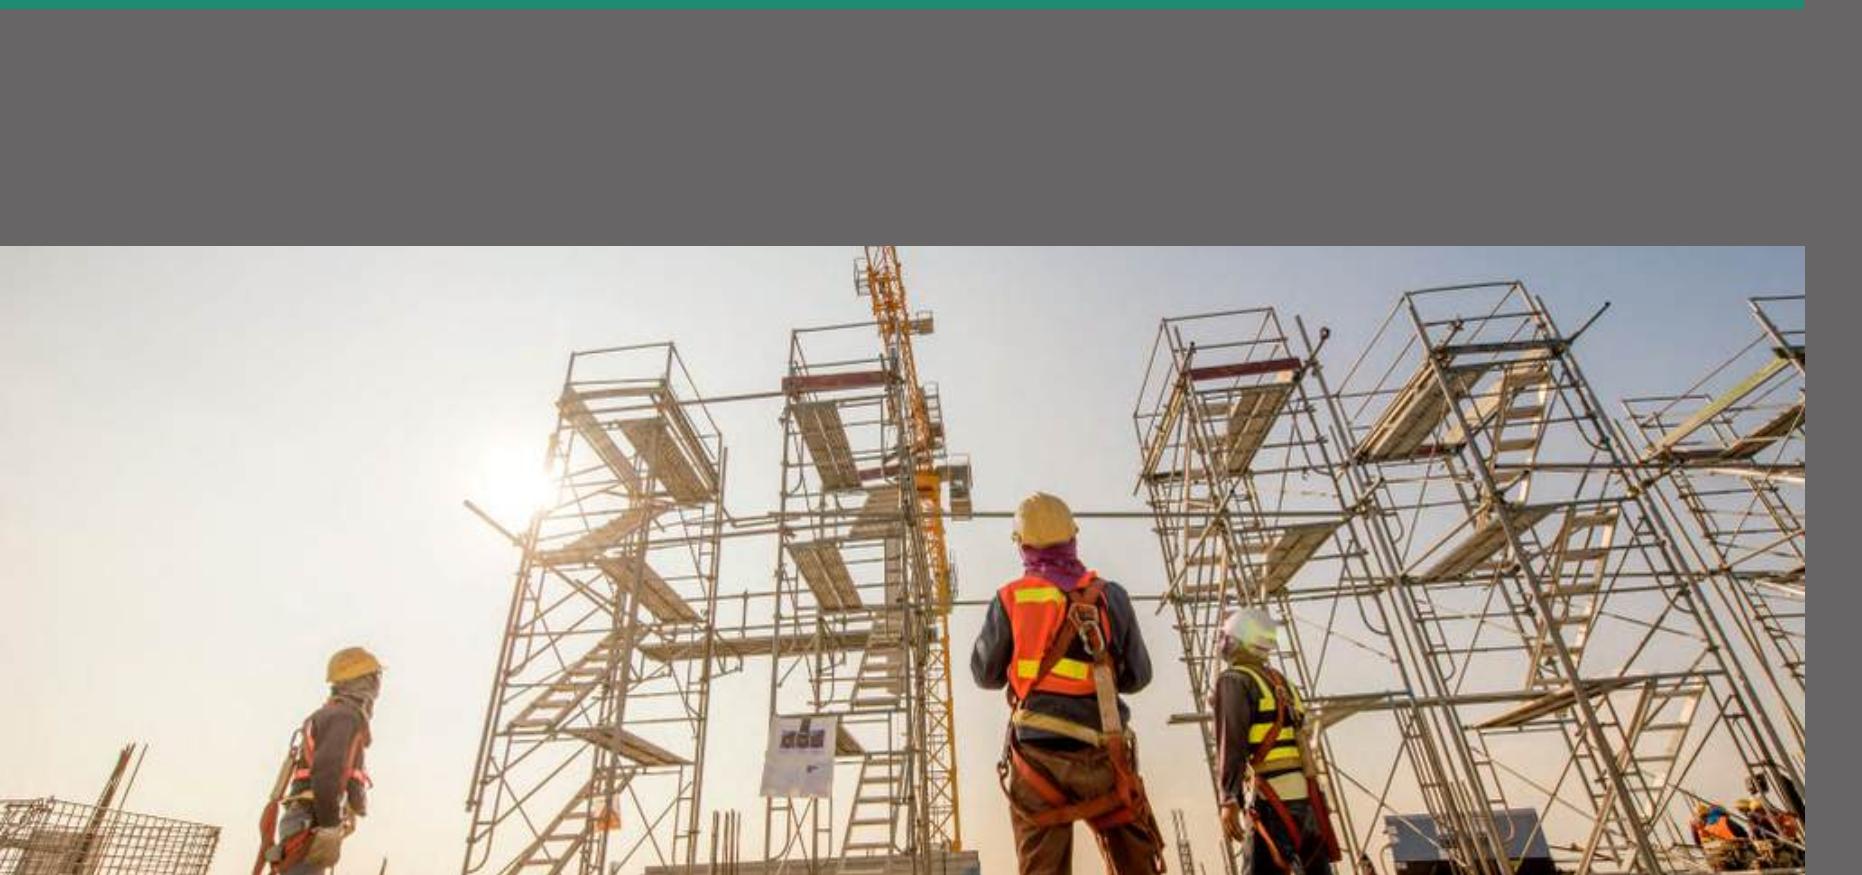

# INFRASTRUCTURE AND CIVIL

Our infrastructure and civil services encompass a wide range of solutions for construction and infrastructure development projects. From site preparation and earthworks to road construction and structural engineering, we deliver comprehensive services to meet diverse project needs.

# INDUSTRIAL SUPPORT

Our infrastructure and civil services encompass a wide range of solutions for construction and infrastructure development projects. From site preparation and earthworks to road construction and structural engineering, we deliver comprehensive services to meet diverse project needs.

# ELECTRICAL & INSTRUMENTATION

Our Electrical and Instrumentation Services offer expert insights, tutorials, and resources tailored for professionals in the industry. We cover topics like automation, control systems, and instrumentation technologies, ensuring you stay updated with the latest trends and best practices. Enhance your knowledge and skills with our comprehensive content solutions.

# MECHANICAL WORKS

Looking for reliable mechanical services? Our expert team offers top-notch repairs and maintenance for vehicles, machinery, and equipment. With a commitment to quality and customer satisfaction, we ensure efficient solutions tailored to your needs. Trust us for timely service and exceptional craftsmanship that keeps your machines running smoothly!

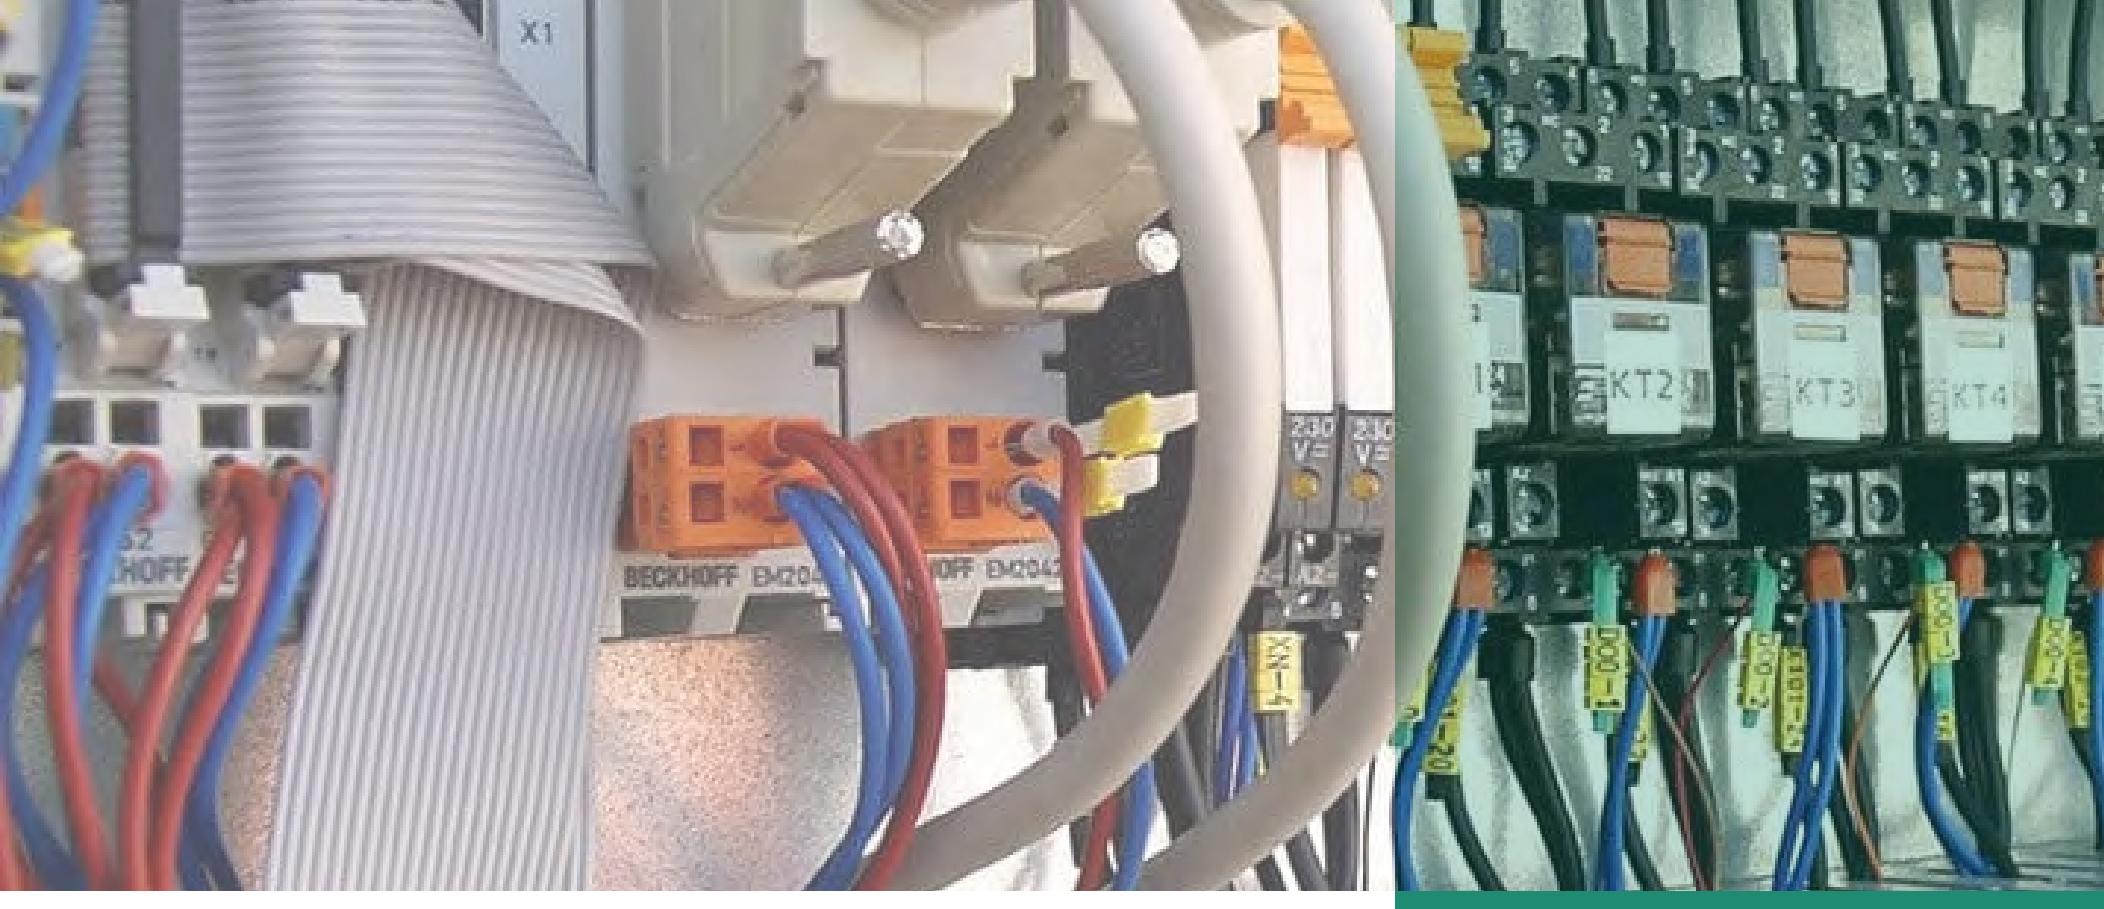

## TECHNICAL SUPPORT

Our technical support services offer professional assistance for various needs, including manpower provision, engineering expertise, and troubleshooting solutions. We provide timely and effective support to address your specific technical requirements and challenges.

# POWER AND AUTOMATION

# WORKSHOP SERVICES

The whole solution for your rotating assemblies is provided by Primera Company. With over 30 years of in-house experience, Primera Company is sure to provide the ideal service bundle solutions to meet your operational requirements. Where is our workshop? The Kingdom of Saudi Arabia's Al-Khobar can provide a variety of equipment services, such as

- Pumps
- Turbines
- Compressors
- Gearboxes
- Blower, Fans
- Other various rotating equipment's

Our staff will talk with the client about the services required to customize the solution to meet their needs upon request. This could be the answer.

- Partial / Complete Overhaul Reconditioning
- Standby Rotor Inspection
- Parts Machining
- Metal Weld Build Up
- Rotating Assemblies Dynamic Balancing

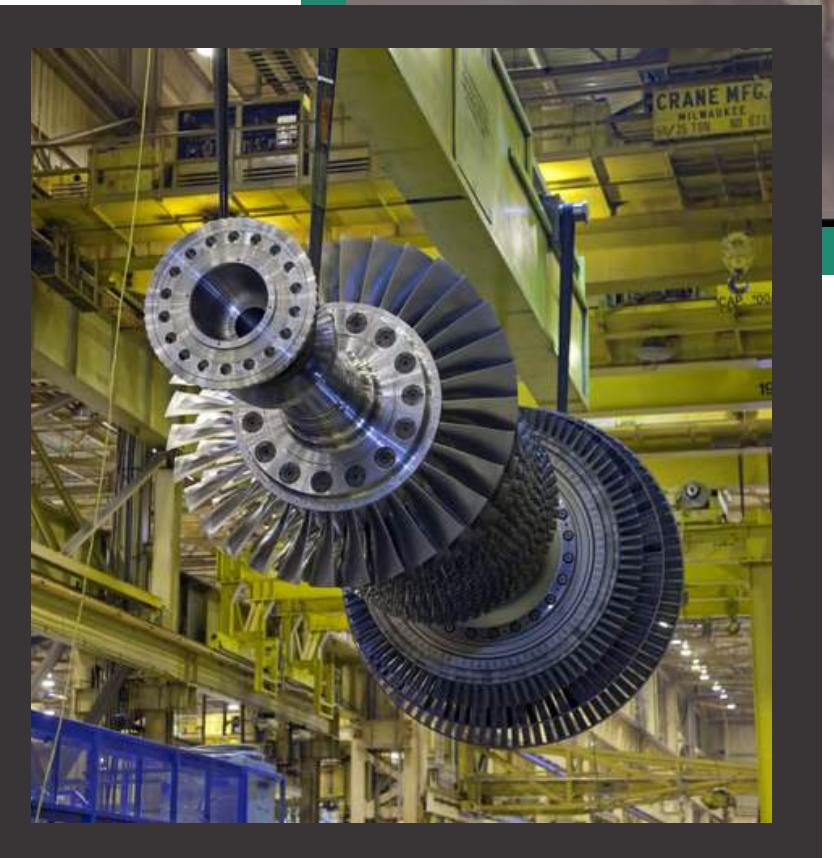

## OUR WORKSHOP CAPACITY

Over 4000 square meters, including the administrative building.

Turning centers have five distinct lathes with beds that vary in length from 80 cm to over 4500 cm, as well as milling and shaping devices.

Rotors up to three tons in weight, 1.6 meters in diameter, and five meters in length can be balanced by our in-house balancing machine.

Belt-driven or end-driven rotors are both possible. Quality balancing adheres to ISO-customer-related requirements.

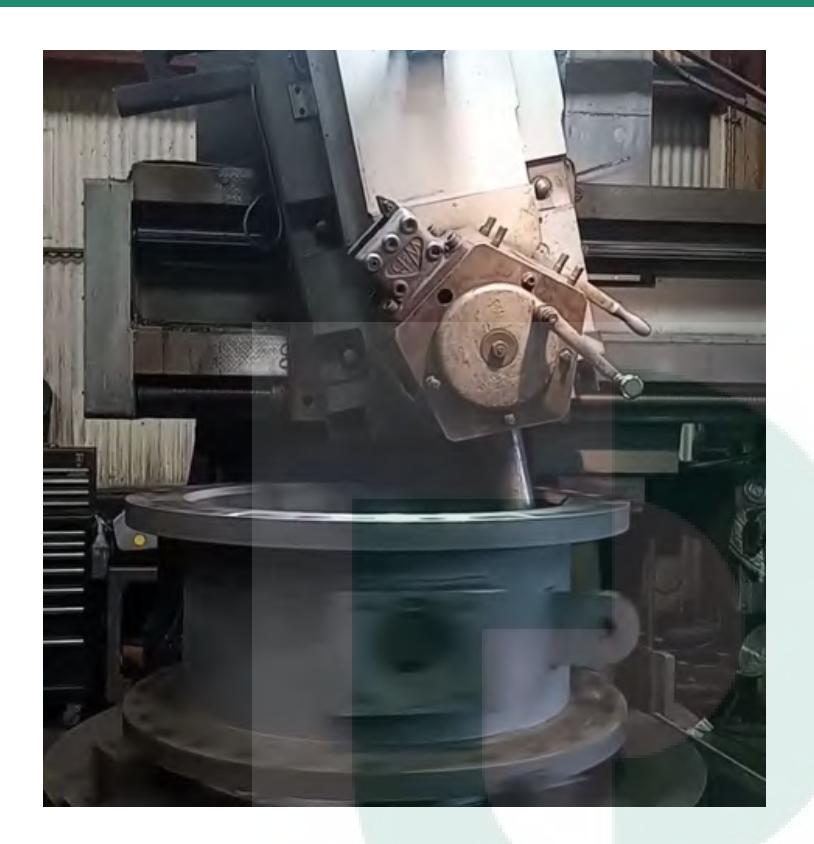

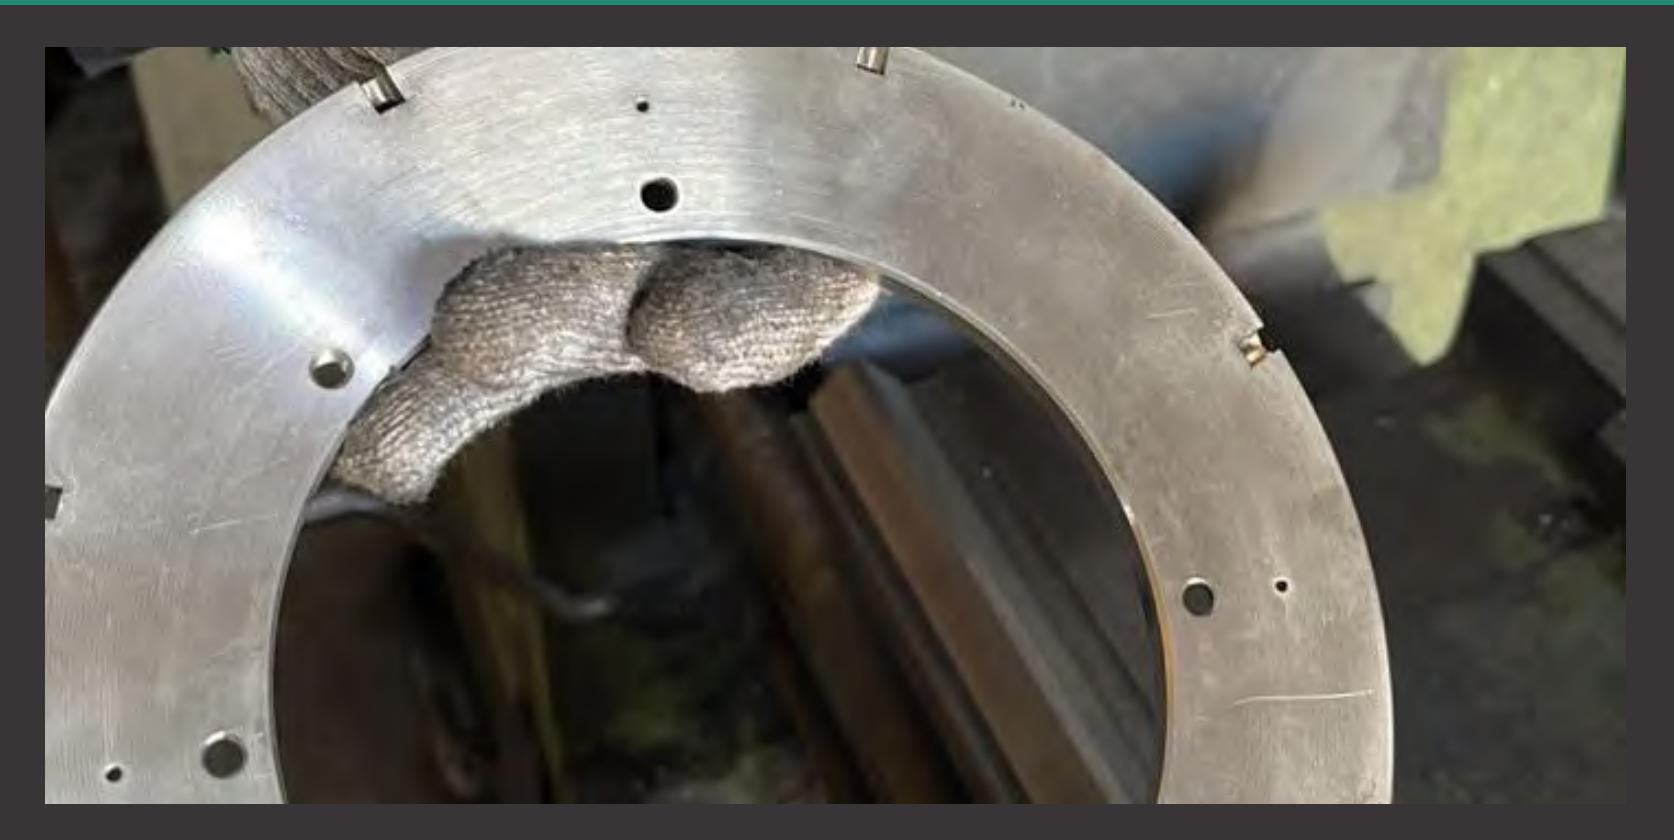

# MECHANICAL REPAIR

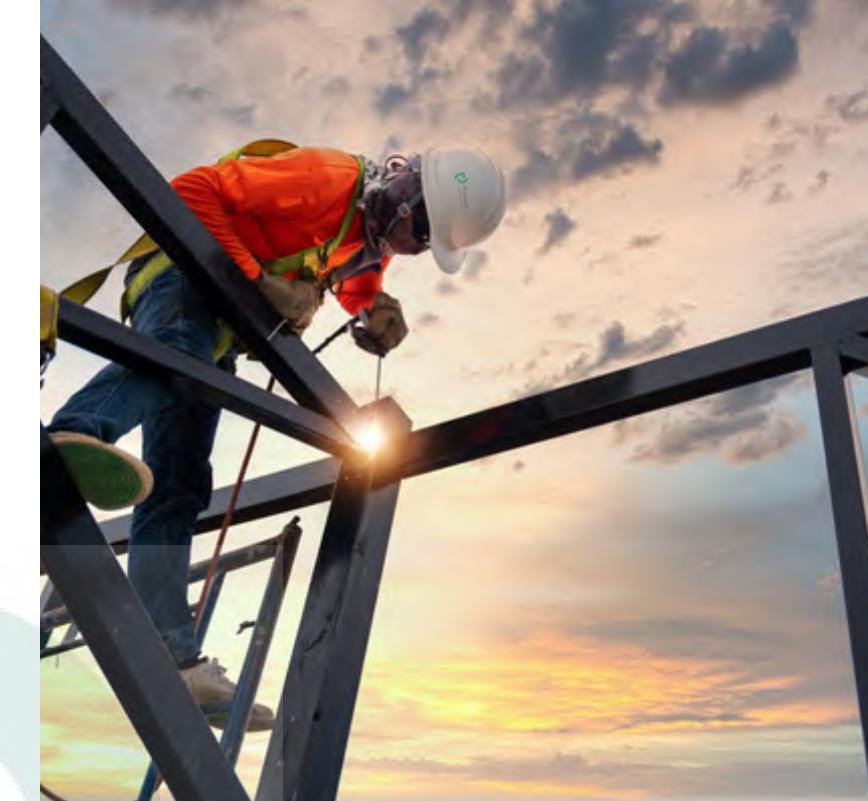

This provides ways to re-manufacture outdated parts and alter existing designs. We invest in a staff and a Red Dot Award-winning 3D system that unlock limitless possibilities.

## SPARE PARTS & TOOLS MANUFACTURING

- Spare Part Manufacturing
- Rotating Equipment
- Stationary Equipment
- Marine
- Rolling Mill Process
- Pipeline Accessories
- Flange Fittings
- Bushing sleeves pins casing rings bolts washers
- Nuts
- Equipment spare parts
- Gears
- Shafts
- Bearing Housing
- Couplings
- Keyways
- Set Screws

# Structural fabrication , Steel erection Tank fabrication, & Pipe fabrication (SS, CS , Aluminum)

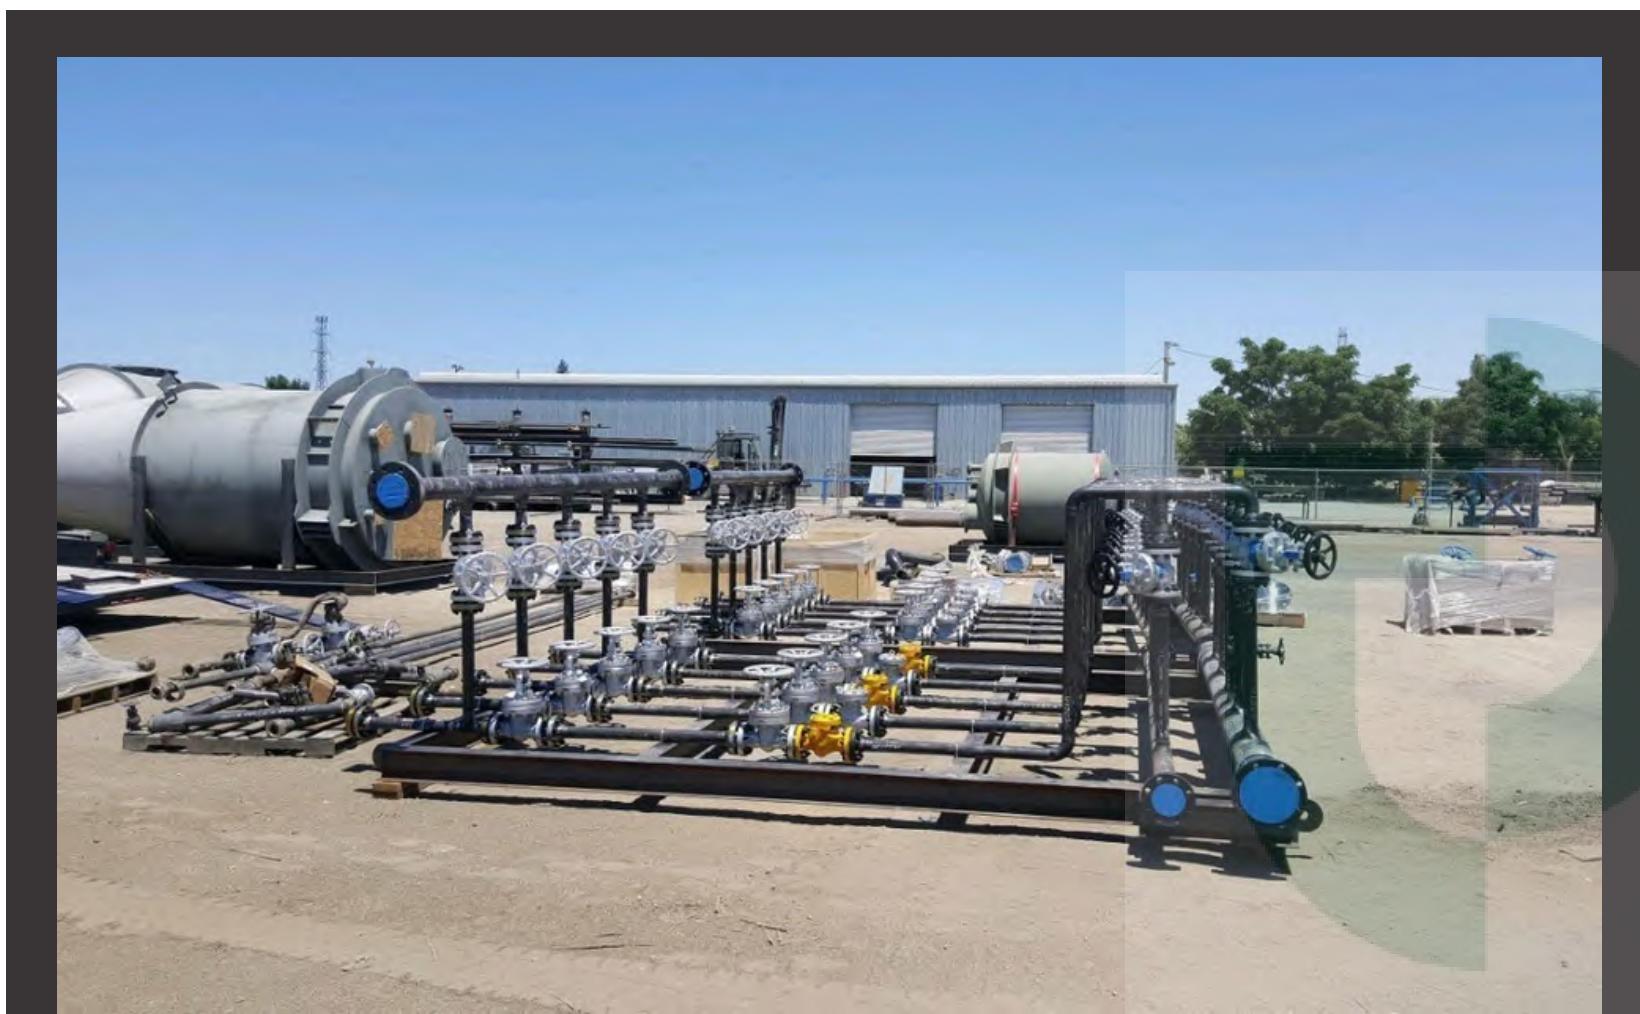

## METAL FABRICATION

- Mechanical Fabrication
- Tanks
- Molten Metal Handling
- Structural Fabrication
- Sheet Metal Fabrication
- Pipeline Accessories
- CNC Multi Axes Manufacturing

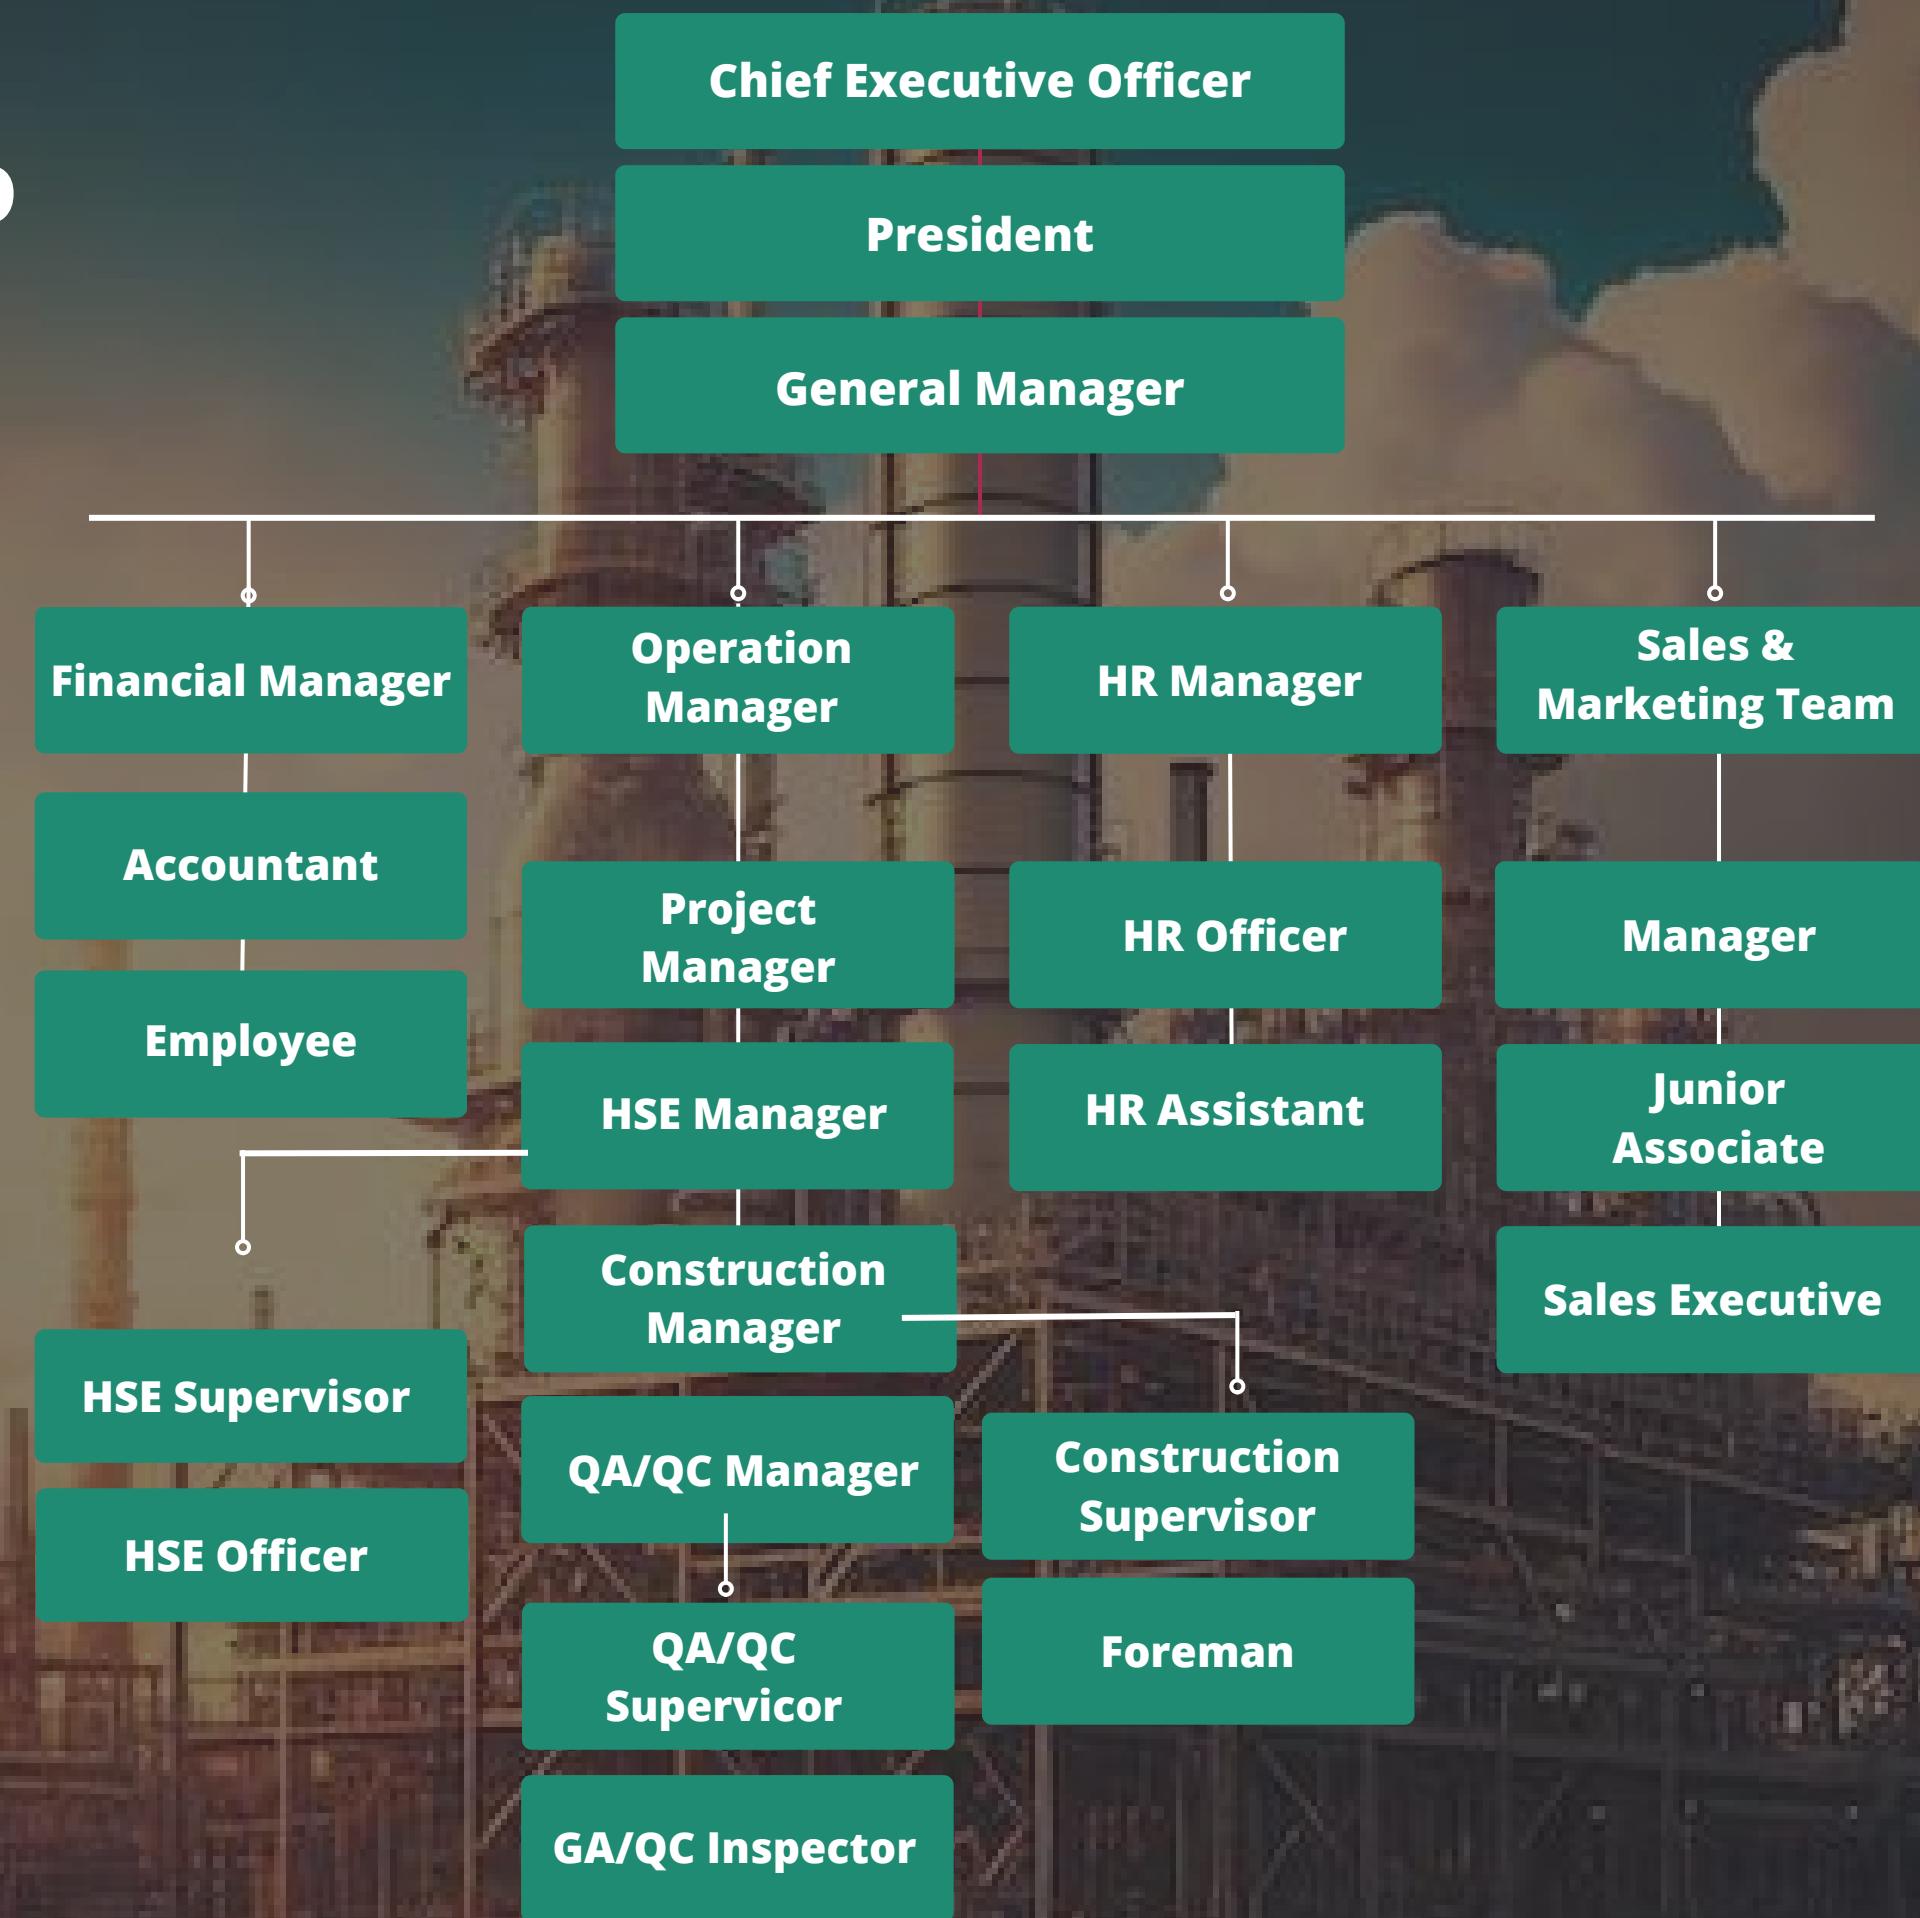

## ADVANCE FABRICATION

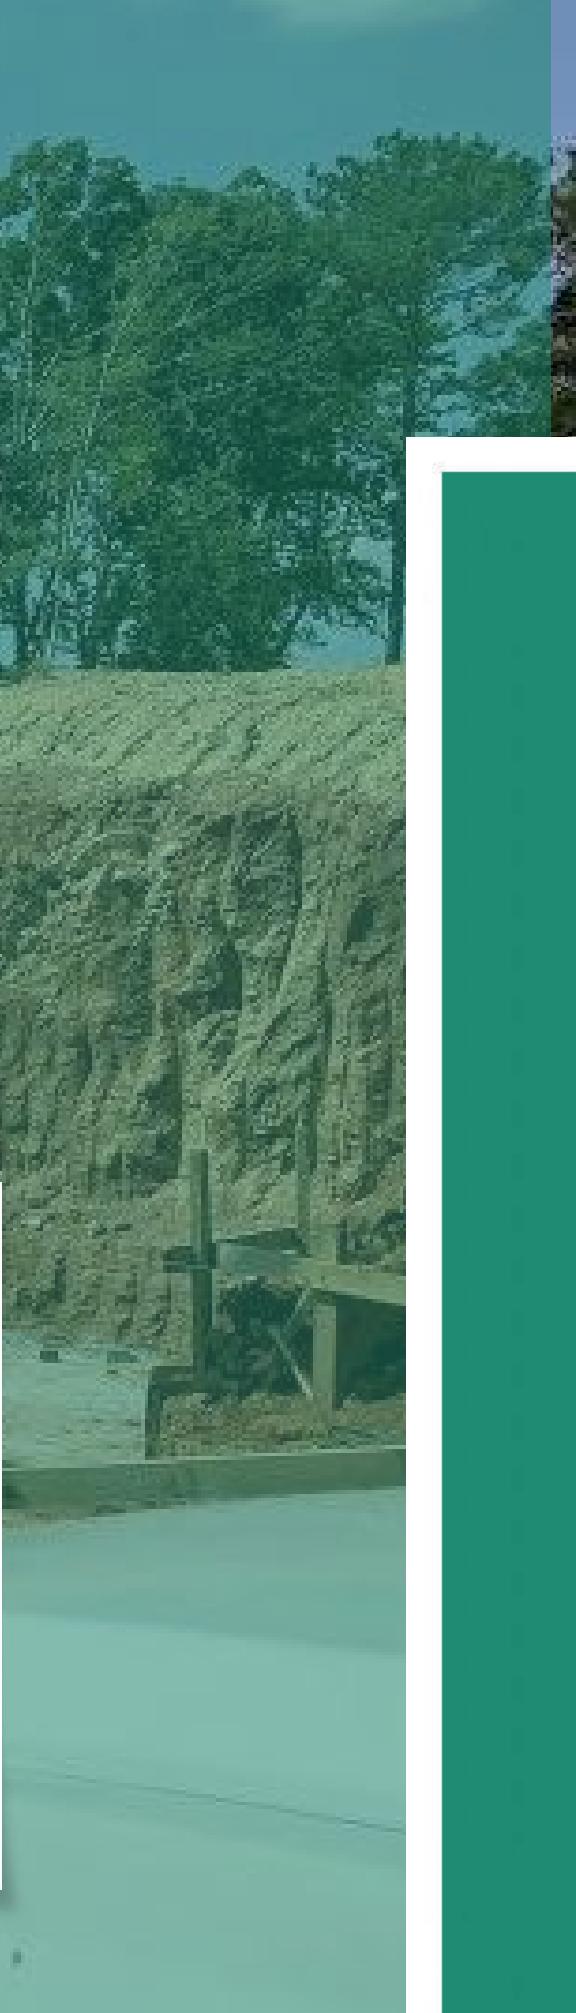

- We had a successful history with alloy fabrication as:
- Aluminum
- Nickel
- Stainless Steel
- Titanium
- Alloys
